### PROFILE

 <http://www.linkedin.com/pub/jarrold-sport/11/bb2/42a>

Hello! I'm Jarrod, a 32 year old media producer based in San Francisco, California. In 2017, I was recognized as a "New Voice" by the Association for Independents in Radio.

A native of the San Francisco Bay Area, I've been graced to learn and produce in one of the world's largest intersections of new media storytelling and social change. The social and political movements that affect all of us are fueled by people with compelling, vibrant stories, and it's my mission to document their experiences. Every story has its own identity, so I have utilized several mediums - including audio, video, and photography - to capture the sights and sounds of a rich narrative.
